

SENATORS BLOCK THE HOUSE'S PLAN

ADJOURNMENT OF CONGRESS MAY BE DELAYED.

Senators Likely to Postpone the Ending of the Session Until After the St. Louis Convention—Several Bills Not Agreed Upon—Washington News.

Washington, June 8.—Whether the senate shall be able to conclude the work of the session this week will probably depend upon whether a quorum can be maintained. Some senators are opposed to the passage of the general deficiency bill with the French spoliation claims and the store and supply claims allowed under the Bowman act omitted. Senator Harris makes no secret of his intention to demand the restoration of these items to the bill, and says that he will not consent to its passage without them except on a ye and nay vote. If he insists upon this a voting quorum will be necessary. Several senators have announced their purpose of leaving the city early in the week and many others will depart about the middle of the week for St. Louis. Under these circumstances it is possible that adjournment may be postponed until after the republican convention, though there will be a very general effort to prevent this.

The house managers have parliamentary machinery in operation which will enable them to secure prompt action on every proposition submitted by the conferees on the five remaining appropriation bills looking to an adjustment of the differences between the two houses. Instead of adjourning Saturday night, the house took a recess until 10 o'clock this morning. That action continues the legislative day of Saturday, which by a special order adopted on Friday was made a suspension day, and will enable the house to vote on any proposition after twenty minutes of debate. The differences between the two houses on the four supply bills (the sundry civil, naval, Indian and District of Columbia) are radical, but by mutual concessions the house leaders believe the differences can be adjusted so as to permit an adjournment Tuesday or Wednesday.

In the naval bill the house has remained firm in its insistence on four battleships and \$425 a ton as the maximum cost of armor plate. To both of these items the senate has declined to agree and Saturday refused a compromise. The senate insists on two battleships and a reduction of armor plate to \$320 a ton.

In the Indian bill the house has no less than four times voted for the immediate termination of appropriations for sectarian Indian schools, as against the senate's proposition to allow them to run until 1898; the house Saturday declined to accept as a compromise their termination in 1897.

The main difficulty in the way of an adjournment by the middle of the week seems to lie at the senate end of the capitol, where a single senator can obstruct matters if he chooses until the quorum fails, when all chance of a sine-die adjournment before the St. Louis convention will disappear.

If congress adjourns this week it will be the shortest so-called "long session" since that of the XXXVth congress, and one of the shortest in the history of the government. It is impossible to give the exact totals of the bills on the grand total of appropriations made by this congress, which aggregate about \$500,000,000, but the disbursements authorized during the session will be discussed hereafter by Chairman Cannon of the appropriations committee and ex-Chairman Sayers, from the points of view of their respective parties.

Tariff or financial legislation of any general character was abandoned for all practical purposes when the disagreements between the house and senate were demonstrated by the fate of the two bills prepared by the house ways and means committee. Other lines of business were also tabooed by the house because of the alleged lack of revenue, notably public buildings, public and private claims and all sorts of private bills entailing expenditures, except pension bills, to which last the usual amount of time has been given.

The agricultural bill conferred upon the president authority to suspend the prohibition against importations of meat cattle, domestic animals and hides on the certification of the secretary of agriculture that countries or parts of countries are free from contagious or infectious diseases of animals, and authorized the president to take steps to secure the abrogation of the regulations by Great Britain prohibiting the importation of cattle from the United States into that country alive.

The most noteworthy legislation pertaining to the navy is contained in the appropriation bill. The house provided for fifteen new torpedo boats and four battleships, but the senate reduced the number of battleships to two and a conference is pending over that difference. The bill made provision for the enlistment of 1,000 additional seamen.

proposed changes in the tariff laws which became an actuality was the repeal of that clause of the Wilson bill giving free alcohol in the arts and manufactures.

Although the house committee on banking and currency devoted much time to discussion of financial questions, it was able to agree on but two bills—one to permit banks to issue circulation to the amount of the par value of the bonds deposited by them as security; the other for the organization of national banks in the smaller towns, neither of which was passed this session. The only important bill recommended by the house committee on coinage, that for the adoption of the metric system of weights and measures at the beginning of the next century, met with a temporary rebuff in the house, but will be brought forward again.

The dairy interests of the country prevailed upon congress to enact the most important measure for their protection since the oleomargarine law, the "filled cheese" bill, which regulates the manufacture and sale of adulterated cheese and imposes heavy penalties for deceptions.

Some of the important bills prepared by the committee were not given a hearing in either house or passed but one house and will be on the calendar for consideration during the short session if their supporters are able to secure time for them. Among the most important of these are: The Lodge-McCall bill for an educational test for immigrants, with the Corliss amendment to prevent the invasion of Canadian day laborers; the Phillips industrial commission bill, the Curtis bill to lessen the number of crimes for which the death penalty can be imposed by United States courts, the bankruptcy bill and the Pickler pension bill, all of which were passed by the house. The old anti-option bill was killed by the house committee on agriculture and will not appear in this congress.

KANSAS WHEAT IN POOR SHAPE.

Estimate of 60 Per Cent of a Crop Said to Be Too High.

Topeka, Kan., June 8.—Experts say the recent report of the state board of agriculture, which estimated the yield of wheat in Kansas at 60 per cent of a full crop, was too high, and that the present conditions will not warrant a yield to exceed 40 to 45 per cent. During the past month great damage has been done. In the western one-third of the state drought has ruined the crop. In the eastern part, along the low lands, the floods have destroyed thousands of acres, and in central and southern Kansas the army worm has laid waste hundreds of fields, and the crop will not be worth harvesting. Forty million bushels is a reasonable estimate of the total yield in Kansas.

HEAVY RAIN FELL; MANY MEET DEATH

SOUTHWESTERN MINNESOTA DAMAGED BY FLOODS.

Several Lives Lost and Much Property Destroyed—Cloudburst in Illinois—Two More Victims of the Tornado Four Drowned in Kansas—General Storm News.

St. Paul, Minn., June 8.—The great storm which swept over southwestern Minnesota Saturday night resulted in the loss of several lives, the drowning of many hundreds of sheep, cattle and hogs and damage to property of over \$300,000. The dead:

J. W. CATTERSON, of Ash Creek.
E. W. HUNTER, of Adrian.
GEORGE ANDREWS, of Sabula.
H. T. BULOD, of Murray county.

All were drowned during the cloudburst, two of which struck that region between 5 and 11 o'clock p. m.

The greatest damage was in Rock county, the most southwestern county of the state. The rain fell in such torrents that the Rock river overflowed its banks and drowned live stock by the hundreds before they could get to the high ground. In the region of Luverne the river was in places three miles wide. The water rushed into Luverne at such a rate that business houses were flooded many feet deep and their contents ruined. To add to the terror of the situation calls for help were heard at midnight all along the river. A rescuing party was organized and set afloat, but the swift current upset the boat and the rescuers narrowly escaped with their lives. A second party was sent away as soon as possible and about twenty persons were rescued. It is not yet known whether anybody was drowned at Luverne. Many of those taken off were found on house-tops and in trees.

Thousands of acres of crops were washed out and entirely destroyed. Many Luverne buildings were shattered by lightning and hundreds of feet of the Burlington and Omaha tracks were washed out. Many railway and wagon bridges were washed away at Adrian, Worthington, Hastings, Bird Island and Tracy.

CLOUDBURST IN ILLINOIS.

Considerable Damage Done in Many Parts of the State.

Savanna, Ill., June 8.—The hot wave was followed by a cloudburst about 1:30 o'clock Sunday. Torrents of water fell, flooding basements and cellars. A farm house a few miles west of here was struck by lightning and burned.

Mascoutah, Ill., June 8.—Two more have been added to the list of the dead from the tornado at New Baden. The last two victims were Miss Bassler and Miss Hazelt Ethington, both of whom were badly crushed by falling timbers. This makes the number killed sixteen and twenty-five wounded.

Princeton, Ill., June 8.—Heavy rains fell here Sunday and in the northern part of the county high winds did considerable damage.

Springfield, Ill., June 8.—At 8 o'clock Saturday night the most terrific thunderstorm that has visited Springfield in years burst over the city.

Peoria, Ill., June 8.—An intensely hot day Sunday was followed shortly by Saturday night the most terrific rain-storm, which did considerable damage.

Four Persons Drowned in Kansas.

Leavenworth, Kas., June 8.—Four persons were drowned and considerable damage to property done by a cloudburst which visited this region Sunday afternoon. Water fell in torrents, smashing windows and flooding cellars and bottom lands. The dead:

DENNIS and CHARLES DESMOND.
DENNIS and EUGENE CUMMINGS.

They went into a stone culvert to escape the storm. The water washed their bodies into the Missouri river and they have not been recovered.

One Is Dead, Three May Die.

New York, June 8.—An overloaded trolley car ran away down a long incline on the Nassau street railway extending to Coney Island Sunday when the tide of travel was at its height. More than 100 passengers were put in peril of their lives. One boy was killed outright. Twenty persons were bruised and battered in a horrible fashion. A score or more were slightly hurt.

UNKNOWN RUSSIAN BOY, 12 years old; skull crushed.

The probably fatally injured are: Lena Bleckman of New York.
Mrs. Mary Evans of Brooklyn.
Leonard Forte of Brooklyn.

Not Looking for a Decision.

Washington, June 8.—The prediction by the London "Speaker" of an early decision by the Venezuelan boundary commission respecting the boundary line between Venezuela and British Guiana is not shared by those conversant with the facts in the case. Justice Brewer, the president of the commission, does not think the commission will render an opinion at an early day.

Gavel to Be Used at St. Louis.

Warren, Ohio, June 8.—It is said that Niles is to furnish the gavel which will be used at the republican convention in St. Louis. It was made by Charles Harries from a stick taken from the house in which McKinley was born.

NAME DELEGATES TO SAINT LOUIS

STATE CONVENTIONS CHOOSE REPRESENTATIVES.

Iowa Democrats Plan to Help Boies in the Race for the Nomination—Indiana Definitely in the Free Silver Column—West Virginia Divided.

Des Moines, Iowa, June 8.—The Iowa delegation to the national democratic convention met here Saturday to make arrangements for the launching of Gov. Boies' boom for the presidency. S. B. Evans of Ottumwa was made chairman and Charles Walsh of Ottumwa secretary of the delegation, though the latter is not a delegate. He is slated for national committeeman, vice J. J. Richardson, whose retirement from the national committee, as representative of Iowa, the silver democrats of the state demand.

An executive committee was formed, consisting of S. B. Evans of Ottumwa, F. D. Bayless of Elkader, A. Van Wagenen of Sioux City, J. S. Murphy of Dubuque and S. A. Brewster of Creston. The committee has charge in a general way of the work relative to Mr. Boies' candidacy, and all other committees are subject to its direction. The first committee under it is a club committee to organize Boies clubs in and out of Iowa.

A finance committee was also made of a member from each district of the state, Charles Connolly of Ottumwa being elected treasurer. Mr. Brewster of Creston was made chairman of the committee on literature and Judge S. R. Davis of Creston was authorized to prepare the literature. It will consist of extensive sketches of Gov. Boies, his private and public life and his claims on the presidency. The delegation also named J. Butler of Fort Dodge as the sergeant-at-arms for Iowa in the national convention. J. S. Crooks of Boone, P. H. Hamlin of Dubuque and J. F. Griggs of Spirit Lake were chosen as assistants for Mr. Butler.

Fred White of Oskaloosa, ex-congressman from the Sixth district, was practically decided upon to nominate Gov. Boies for president in the convention, seconding speeches to be made, if possible, by Mr. Bryan of Nebraska, Senator Daniel of Virginia and Speaker Crisp. The silver democrats of Iowa have always insisted that they stood squarely upon the financial declaration made by the national convention of 1892, and that the administration has betrayed the party by wilfully misconstruing that plank. They decided, therefore, to stand in the national convention for the plank of 1892 expressed in slightly more specific terms. They expressed much favor for Judge Henry C. Caldwell for vice-president.

HAS SIXTY COUNTIES.

But Little Doubt That Free Coinage Will Win Indiana's Democracy.

Indianapolis, Ind., June 8.—Another series of democratic conventions was held Saturday, and the action on the money question makes it certain that the state convention on June 24 will declare for the independent coinage of silver at the ratio of 16 to 1. Sixty-five of the ninety-two counties in the state have elected delegates to the convention, and the free-silver people have secured about 75 per cent. of the delegates in these counties. So far not a single county has sustained the administration's position on the money question, and sixty of the sixty-five counties have declared by resolution for free silver. Gold-standard delegates have slipped in here and there in counties that have declared for free silver, but it looks as if they will be so scarce in this convention as not to make much of a showing.

The counties that joined the free-silver procession Saturday were: Hancock, Miami, Gibson, Howard, Huntington, Boone, Wayne and Clinton. The free-silver state committee has sent out a warning that the administration democrats are planning to get possession of proxies in every county. Free silver delegates are charged to be on their guard.

LaPorte, Ind., June 8.—B. F. Shively, the free-silver democratic candidate for governor, has secured three-fourths of the delegates elected at Saturday's county conventions held throughout the state for the selection of delegates to the state convention.

Silver Leads in Minnesota.

St. Paul, Minn., June 8.—It had been pretty generally believed that the democrats of Minnesota would send a gold delegation of eighteen to the Chicago national convention. Thirteen counties held conventions Saturday, and a resume of the situation makes it look decidedly doubtful. Of the delegates chosen 358 are for silver and 352 for the gold standard. There are 112 delegates yet to be chosen, and it is thought a slight majority of these are for silver.

West Virginia Is Divided.

Wheeling, W. Va., June 8.—There were ten county conventions and primary elections in West Virginia Saturday, divided about evenly between the two parties. At Martinsburg the Berkeley county democrats sprung a genuine surprise. The county was supposed to be for free silver, and a month ago would have been, but at the con-

vention a gold delegation was selected to the Davis convention, which will select two district delegates to Chicago and one delegate-at-large.

At Morgantown the Monongahela county democrats selected delegates to the same convention and instructed them to vote and work for E. M. Turner, a gold man, for delegate to Chicago. There is every reason to believe that West Virginia will send the nine free-silver delegates to Chicago, while the other three are rendered doubtful by the actions of Berkeley and Monongahela counties.

Dates of Iowa Conventions.

Des Moines, Iowa, June 8.—The central committee of the ninth congressional district met at Atlantic Saturday and selected Council Bluffs and June 30 as the place and time of holding the republican congressional convention of that district. In the seventh district yesterday Madison county held its convention to select delegates to the republican congressional convention to be held at Winterset Aug. 4. Appanoose, Adams and Ringgold counties held conventions yesterday to select delegates to the eighth district republican congressional convention to be held in Leon, Decatur county, June 12. Congressman Hepburn secured all three districts without opposition and will be nominated by acclamation.

Democrats Seeking a Loophole.

Madison, Wis., June 8.—Positive arrangements are now being made by the democratic party to test the apportionment law passed at the special session of the legislature. During the last week ex-congressman Burr W. Jones of this city, who, with Senator William F. Vilas, will have charge of the proceedings, has held several interviews with Attorney-General W. H. Mylrea, and it is now said that a formal demand will be made Thursday on that officer to bring suit to set aside the apportionment. Under Wisconsin procedure this suit has to be brought in the name of the state.

Quayites Are Defeated.

Pittsburg, Pa., June 8.—The Allegheny county republican primaries, held Saturday afternoon, were the hottest in the history of the county. The result shows that the reformers, or Quayites, were badly defeated. The regulars win two senators and eight members of the legislature and probably all of the county offices. There seems to be some doubt about comptroller and judge. Senator Flynn, chairman of the county committee, says they have elected their candidates by majorities ranging from 5,000 to 13,000.

Utah Democrats Want Silver.

Salt Lake City, Utah, June 8.—Judge Powers of the state committee called the democratic convention to order Saturday. An effort was made to bring up an anti-church resolution, but it was smothered. J. L. Rawlins, chairman of the resolutions committee, presented the brief platform which was adopted. It declares for the free coinage of silver at the ratio of 16 to 1.

BOMB THROWING IN SPAIN.

Seven Persons Killed and Fifty Injured at Barcelona.

Barcelona, June 8.—A bomb was thrown into the crowd during the Corpus Christi procession Sunday and its explosion resulted in the killing of seven persons and the injury of fifty. The perpetrator of the deed is as yet unknown, and his motive is equally a mystery.

The explosion occurred just as the Corpus Christi procession was entering the beautiful and ancient church of Santa Maria del Mar. This is in one of the most thickly populated quarters of the city. The sound of the explosion and the distressed cries of the injured and the friends of the killed created an indescribable panic in the crowd in the procession and lookers-on. The people were terror-stricken with dread of other bombs being thrown, and it was with difficulty that they were restrained from crushing one another in the stampede.

Madrid, June 8.—Two dynamite pendants were exploded in front of the house of a priest at Oriandan, near Sebastian, on the Bay of Biscay. Much damage resulted from the explosion, but there was no fatality.

PLANS FOR THE CONVENTION.

Christian Endeavorers to Be Royally Entertained in Washington.

Washington, June 9.—In a few days the local managers of the Christian Endeavor convention will announce a definite program for the great international convention to be held in Washington early in July. Some time in the near future a leaflet will be issued by the excursion committee, giving detailed information as to the many bicycle runs which are being projected by this committee. It is expected that very many of the delegates will bring their wheels with them, and, with the supply to be obtained from local dealers, it will be possible for many more to enjoy the pleasures of bicycling on the city's smooth streets and along the fine roads of the suburbs.

Free Silver in the Lead in Ohio.

Cincinnati, Ohio, June 8.—The Enquirer's tabulation of the delegates to the Ohio democratic state convention at Columbus June 23 shows that up to Saturday night thirty of the eighty-eight counties had selected delegates with the result of 211 instructed for free silver, 11 for gold, and 23 uninstructed. The primaries in Cincinnati will be held tonight.

Chairman Cannon of the House Committee on Appropriations, has a deficiency bill prepared with the claims objected to by the President eliminated. As soon as the veto of the deficiency bill is sustained, which he anticipated, he will immediately urge the consideration of the new bill. It is believed the new bill can pass immediately.

DEATH IN A STORM AT CENTRALIA, WIS

HANS BERG IS KILLED IN HIS BED.

Bolt Stretched Him Lifeless as He Slept—Much Damage Done to Property—Hurley Clothing Firm Gone Under—Kawaskum Girl Commits Suicide—Other State News.

Grand Rapids, Wis., June 8.—[Special]—There was death in the storm that swept this city and Centralia last night. The victim:

BERG, HANS, killed instantly. Berg was a carpenter and lived on the outskirts of the city of Centralia. A bolt of lightning entered the house and killed him as he lay in bed, although his wife was not injured in the least.

The thunderstorm was of unusual severity and caused a considerable loss of property.

Hurley Firm Fails.

Hurley, Wis., June 8.—[Special]—Henry Neessenbaum, a clothing merchant, was forced to make an assignment this morning, owing to poor collections. The liabilities are about \$5,000 and the assets are sufficient to cover all claims.

Kawaskum Girl's Suicide.

Kawaskum, Wis., June 8.—[Special]—Maggie Smith, the pretty daughter of a farmer living near here, tied a heavy stone around her waist, and jumped in Moon Lake today. She was to have been married this week.

New National Party in Wisconsin.

Waupaca, Wis., June 8.—A. R. Bucknam, temporary chairman of the new national party in Wisconsin, said yesterday that the outlook for the new party is good. He has received communications from many of the old prohibitionists declaring for the new party. The national party will be organized for this county June 10, and a congressional convention is called for July 4 at Stephentown to nominate a candidate for congress.

Dam Bursts at Glenwood, Wis.

Milwaukee, Wis., June 8.—Dispatches received here from the southwestern part of Wisconsin state that all the damage done to railroads on Saturday night has been repaired. At Glenwood the dam gave way and the territory for miles around is flooded. It is reported that bridges for twenty miles about Glenwood have been washed away, but no loss of life in that part of the state is reported.

Labor Denounces Lawlessness.

Milwaukee, Wis., June 8.—At a meeting of the joint executive board of the Amalgamated Association of Street Railway Employees, the Brotherhood of Electrical Workers, and the Federated Trades Council on Saturday the murderous assaults on street-railway employees were denounced.

Washout Near Baraboo, Wis.

Baraboo, Wis., June 8.—Nearly 40 inches of rain fell here Saturday night. Heavy washouts are reported on the Omaha road. The passenger train was four hours late Sunday morning.

JACKSON MAY CONFESS.

Rumor of a Sensational Turn in the Case of Walling at Newport, Ky.

Newport, Ky., June 8.—The rumor is current a Newport that Scott Jackson, knowing he is doomed, will go on the stand and admit he killed Pearl Bryan and that Walling was not implicated. His attorney, Col. Crawford, scoffs at the idea.

Many profess to believe that the case against Walling is much stronger than the one made against Jackson. The absolute absence of motive, excepting that Walling was Jackson's friend, is a strong point in the defendant's favor. The court has refused to admit the introduction of much testimony which was used in the Jackson case, no little of which was considered by the commonwealth as being highly essential. On the other hand, the story of George Jackson has been materially strengthened by the introduction of a number of new witnesses, and Walling has been more closely connected with the murdered girl during her stay in Cincinnati than was Jackson. The expert testimony in this trial was much stronger than it was in the other.

The defense promises to introduce much new evidence and to put up a far stronger defense for Walling than that prepared for Jackson. This is especially true as to the George Jackson story, and a decided effort will be made to impeach the colored coachman.

ANOTHER VETO.

President Records His Dislike for General Deficiency Bill.

Washington, June 8.—President Cleveland on Saturday sent to congress a message accompanying a veto of the general deficiency appropriation bill. The message includes a defense of the exercise of the veto power and a long criticism of the French spoliation claims, aggregating over a million dollars, and also an objection to the payment of the Chouteau claim for \$174,445 arising out of the construction of the iron-clad steam battery Etiah.

Chairman Cannon, of the house committee on appropriations, has a deficiency bill prepared with the claims objected to by the President eliminated. As soon as the veto of the deficiency bill is sustained, which he anticipated, he will immediately urge the consideration of the new bill. It is believed the new bill can pass immediately.

SERMONS PREACHED IN LOCAL CHURCHES

REV. H. A. MINER TALKS TO
CONGREGATIONALISTS.

The Mission of the Christian Church
Was His Theme and He Handle it
in an Interesting Way—Concise
Resums of Other Addresses De-
livered Yesterday.

Rev. H. A. Miner, of Madison,
spoke from the Congregational pulpit
yesterday. He is one of the vital
forces of the denomination in the
state, and identified with its leading
educational and benevolent organi-
zations.

Rev. Mr. Miner took his text from
John 17-18.

"As thou hast sent me into the world, even so
have I also sent them into the world."

From this text was drawn the Mis-
sion of the Christian Churches, the
theme of the discourse.

The Christian church was defined
not simply an organization of a
company of persons with a creed, for
the doing of certain things, maintain-
ing of worship, etc., but a company of
persons having the life of Christ, who
have begun to love with Christ's love
and to work Christ's work; a company
of men and women who have re-
nounced the world and its service, and
have chosen Christ as their leader, and
His service as their life work. Such a
company is the body of Christ, so de-
fined in the scriptures.

Christ's Mission the Same.

And now the mission. Is it not the
same as the mission of Christ? Does
not Christ say in our text, "With the
mission the Father charged me, even
with that same mission charge I you;
I have accomplished the work the
Father gave me to do. I now give you
a like work."

Do you stand back at the thought of
this? Do you say Christ's work is in-
comparable, His mission such as stands
by itself, never to be equalled or ap-
proached even, by the work of any
other?

God forbid that I should lower His
work in your estimation. "There is
none other name given under heaven
or among men whereby we can be
saved," and yet, as great as was His
worth, as glorious as was His mission,
you and I are sent out on a like mis-
sion. Not that we can accomplish all
that He accomplished but so much as
our human powers will admit.

All Must Follow Christ.

We are called to follow Christ. This
following is no holiday affair; the
wearing of a badge, the attending of
church, going to great conventions,
paying out a few shillings for
Christian work. More than this.
There is involved in it something of
the toil and suffering and sacrifice
that Jesus passed through. The world
is in ruins. Jesus undertakes its re-
covery. To carry out this undertaking
there are burdens that love takes up
and carries, privations that must be
endured, sufferings even to the extent
of the cross itself. The heart of hu-
manity cannot be touched, melted,
made over into the image of holiness
without this. Along this pathway
the Master trod and we are called to
follow in this same pathway, thus car-
rying on his redemption work in the
world.

Do we not narrow the work of
Christ and so our own work? Not
simply to save a few people out of the
wreck, but to save the wreck itself is
the work of Christ, says Dr. Strong.
The primary idea of Christ is not sim-
ply to take people to heaven, but the
transformation of earth. I believe
the saving power of Jesus is to enter
society, the business and political
world, transforming the same
just as it enters and trans-
forms the individual man.
And so, as Dr. Gladstone says: "It
is the business of the church to discover
the sources of poverty and uproot
them, to breathe purity into politics,
unselfishness into industry and com-
merce, to be concerned about our cit-
ies, better pavements, cheaper heat
and light and transportation, better
dwellings for tenants, more perfect
sanitation, to drive out the saloon and
the gambling den, to Christianize our
prisoners, to bring about a brotherly
relationship between the employer and
the employed and so hasten the reign
of love in all hearts. We must find
out what Christ taught concerning
property and industry and society and
practice it. We must say to the state
and the city and the merchant and the
banker, you belong to Christ and you
are bound to conduct your affairs not
for selfish greed but for the produc-
tion of a regenerated manhood.

Makes Life Worth Living.

Such a view of life and its mission
makes it a glorious thing to live. So
living and working there is no drud-

The Capabilities of the Human Was Rev.
V. E. Southworth's Theme

"The Capabilities of the Human; or
What Man Can Make of Man," was
Rev. V. E. Southworth's theme. His
text was from Emerson:

"So high is grandeur to our dust,
So near is God to man
When duty whispers low, 'thou must!'
The youth replies, 'I can.'"

Robert Browning in one of his most
profound poems speaks of man as "a
thing nor God, nor beast;" "Lower
than God" * * * * * "Higher
than beasts." "Man knows partly
* * * creeps ever on from fancies
to the fact, and in the striving * * *
* * finds progress man's distinctive
mark alone, not God's, and not the
beast's. God is, they are; man partly
is and wholly hopes to be." The
great poet failed to see how much man
is a beast, how much he is a God. It
would have been more accurate I
think to have said that man is a beast
who may become a God; or man is a
God who may become a beast.

The capabilities of human nature
are equally stupendous in both direc-
tions. The brutal element in all of
us is as mighty to ruin as the
Godlike element in all of
us is mighty to save. The beast may
become predominant, or the God. Hu-
man nature is capable of indefi-
nite progression, but equally capable
of indefinite retrogression. No one
has ever reached the limit in either di-
rection; no one has ever exhausted the
brutal capabilities of man; nor has
anyone ever exhausted the Godlike
capabilities. I mean that there can
be worse men than any that ever was
known, and there can be better men
than ever was known. The worst have
not been as bad as they might have
been; nor the best as good as they
might have been.

Man Can Shame a Beast.

There is no beast or brute known to
the zoologist who can live and act, in
such a detestably loathsome man-
ner as can man. When his
lower tendencies overmaster his high-
er impulses man can sink to depths so
revolting that no animal can be found
to match him.

On the other hand there is no
dreamer of dreams or seer of visions
who can portray a life so virtuous, so
manly, so heroic and godlike, but that
men can be found who will at least
approximate to the ideal. When his
higher impulses gain the mastery over
his lower tendencies man can live and
act in such a way as to command the
reverence and love of all the world.

In either direction "what man has
done man may do;" and infinitely
more. There is no absolute hin-
drance. Every virtue we attain may
furnish a foothold from which to seek
a loftier excellence. And every vice
may be a dead-weight to drag our na-
ture deeper still.

Such is man. Capable of the best,
no less capable of the worst. A God
in possibilities and a brute. Every
human being is a finite existence in-
finitely variable. There may be a
principle of goodness at work in us by
which the whole character shall be
gradually converted into that which
is good. And our entire life may be a
progress in virtue until, for ought I
know, our nature shall be ultimately
purged of all baseness.

So there may be a principle of
evil at work in us by which the
whole character shall be gradually
demoralized until, for ought I know,
our nature may be ultimately and
totally wrecked. I find no comfort
in the thought of the evil thing which
man can make of man. If by our
power over ourselves for good we can
fortify our moral nature, I see no
reason why by our power over our-
selves for evil we may not tear down
our moral fortifications and leave our
life unfortified and abandoned.

Has Capacity For Good or Bad.

Will you observe please, that in
what I have said so far, I have not
affirmed that man is necessarily good
or necessarily bad; but only that we
have the capacity for goodness and
for badness.

"Goodness" and "badness" are words
which we apply to men in regard to
the manner in which they are using
the opportunities of their lives. Good-
ness consists in using one's forces in
such a way as to widen and strengthen
their power to help. Badness is such
a use of one's forces and energies as to
narrow and weaken their power to
help.

There are those who say that life is
an unqualified evil. There are others
who say that life is an unqualified
benefit.

I am one of those who say that life
may be an unqualified evil, or it may
be an unqualified benefit. When I see
a man making a bad use of his forces,
I am a pessimist and I say, it were
better that such a man had never
been born.

But I am an optimist when I stand
in the presence of one who has learned
to use his forces helpfully. I see that
life is not all one thing, or all another
thing; not all good, not all bad. But
the goodness and badness depend up-
on the uses to which one is putting his
life's forces. This is not a good world,

nor a bad world. It is simply a world
of which we may each make a good or
a bad use.

AT THE PRESBYTERIAN CHURCH

Morning Sermon Was Brief, Preliminary to
Communion Service

The sermon of Rev. E. H. Pence at
the Presbyterian church on Sunday
morning, was a brief, preliminary to
the communion service. The text was
Phil. 2:7:

"But made himself of no reputation, and took
upon him the form of a servant, and was made
in the likeness of men."

By the descent of Christ from
heaven on his mission to a sinful
world, he literally emptied himself of
himself, laid aside his divine nature,
its surroundings, and all that makes
heaven. Heaven and earth are
nearer by Christ's coming;
earth has in some degree become
heaven. By Christ thus emptying
himself, heaven is fuller. This was
the beginning of God's plan to re-
deem the world, and all eternity will
furnish time to develop that plan.
Christ began low, as a servant, and
raised himself above or through every
surrounding which binds man. Christ
as a servant achieved this glory—a
minister to the greatest needs of man-
kind, a redeemer. Christ is God's mas-
terpiece.

To serve is the noble mission of man,
and the study of Christ's life inspires
to this service. And no service is more
emphasized than the partaking of the
Lord's supper,—this do in remem-
brance of Me.

The Evening Service.

The evening topic was "One of
God's Fountains." Text, Joel 3:18.
God has many fountains to supply,
cleanse, refresh and revive the world
for himself. One of these is the
Bible, another is His mind which
controls the universe; another is His
desire to save the world. Knowing
and understanding human nature;
that a few persons of common belief
and purposes is a force; God planned
the church to be a powerful agency
in the progress of the world to
Christianity. Human means are to be
used to convert the world and the fact
that five hundred millions of the pop-
ulation are Christians, shows that
unity of belief and work can carry out
God's plan. Loyalty to a church is a
perpetual profession of faith.

The ideal church should be a com-
mon center for all our joys, a hospital
for all the sin-sick, and a place where
inspiration of the highest quality can
be obtained.

AT THE BAPTIST CHURCH.

Rev. Dr. Hodge Spoke Both Morning and
Evening—The Endeavor Meeting.

At the Baptist church Dr. Hodge
spoke both morning and evening, the
text of his morning sermon being
Rom. 6:2.

"But now being free from sin, and become
servants to God, ye have your fruit unto holiness,
and the end everlasting life."

His evening subject was: "Why I
Am a Christian," as distinguished from
other forms of religion. Briefly stated
his reasons were: Because I believe
Christ to be the Son of God and the
rightful ruler of men. If He is the
ruler, it is my duty to find out His
will and obey; because Christ laid
down His life for me; because I believe
Him to be the true and only Savior,
the only foundation; because He is
the best of masters. An old slave used
to glory in having been the body ser-
vant of George Washington. We have
a greater one for our
master, with whom none can compare.
Because the Christian life is the best
kind of life. The true Christian
keeps far from the course of sin, is
true, honest, upright and reliable and
commands the respect of all men. Be-
cause the people who are Christians
are the people of my choice for com-
panions. I feel towards them as did
Ruth toward Naomi. In closing he
expressed the desire that all who
were not Christians might see the
force of the argument and accept
Christ as their Savior.

The Endeavor Society held a very
profitable consecration service in the
evening under the leadership of Mr.
Campbell.

The Woman's Missionary meeting
will be held in the church parlors Fri-
day afternoon.

LEROY HOWE HELD ON MURDER CHARGE

DARIEN YOUNG MAN IN JAIL IN
ELKHORN.

Preliminary Trial at Delavan Results
In His Being Sent to a Cell
Without Bail—The Defendant
appears To Be a Veritable
Sphinx.

The examination of Leroy Howe,
for the murder of his brother Charles
at Darien, was concluded Saturday,
and resulted in holding him for trial
at the next term of the circuit court,
without bail.

The prosecution finished with their
testimony and the long, hot afternoon
was devoted to arguments by the
counsel. Upon a motion by the de-
fendant's counsel, D. B. Barnes, to dis-

LEROY HOWE.

miss the case, Court Commissioner
Suessmlich overruled the motion. The
defense waived all further proceedings
and the court at once handed down
his decision.

The case is as much a mystery to-
day as it ever was and the prisoner is
as much a sphinx as ever.

Throughout the case the most dra-
matic moments when the most dam-
aging testimony has been introduced,
in the midst of sorrowing friends, he
has remained indifferent and dry
eyed. The case as the first murder
trial in Walworth county in sixteen
years and the entire southwest part of
the county has apparently been in at-
tendance at the daily sessions.

MORRIS M. BOSTWICK'S LECTURE

Speaks of Benjamin Franklin at Milwaukee
Yesterday Morning

Lecturer M. M. Bostwick delivered
an anniversary discourse on Benjamin
Franklin before the Ethical society at
Milwaukee yesterday morning, the
subject being suggested by the unveiling
of the Franklin statue by the Old
Time Printers' association in Chicago
on Saturday afternoon. It was a
fitting tribute to a life which America
would never forget, he said. He held
that Franklin stands before us a great
example of how humble man, who
even knowing the pinch of poverty,
yet by an indomitable courage, may
rise to be the peer of any man in the
land.

ANOTHER WORLD'S FAIR MEDAL

Lewis Knitting Co. Get Their Trophy
After a Long Wait.

The second World's Fair medal to
arrive in the city has been received by
the Lewis Knitting company. The
medal is made of bronze and is a
beautiful piece of work. The letter-
ing states that the Lewis underwear
received the highest award over ex-
hibits from France, England and
Germany. The Janesville firm may
well feel proud of the medal.

THE OVERFLOW OF LOCAL NEWS.

POLLS ARE OPEN FOR C. E. BALLOTS

CONDITIONS ARRANGED BY LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month.

Who it is to be the vote will determine. It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote. Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 200 votes.

New subscriber paid in advance six months, 600 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

WASHINGTON COUPON.

ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

Mr. and Mrs. Erbstein Are Living with the Bride's Mother.

Contrary to the expectations of Saul C. Erbstein and bride, who recently eloped to this city from Chicago, on their return home they were received with open arms by the mother of the bride. A letter was received yesterday from Mr. Erbstein, stating that upon their arrival in Chicago, they at once drove to the home of the bride where, to their great surprise, the mother greeted them very cordially. Mr. and Mrs. Erbstein are now "at home" at 17 Oakwood avenue.

A GOOD PRACTICE.

If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure. They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

LOOKS BLACK FOR JAMES M'KENNA

Beloit Man Charged With Stealing a \$100 Typewriter.

The preliminary examination of James McKenna and Archie Northway of Beloit, who are now in jail here on the charge of burglary was put over for a week. Young Northway swore that McKenna showed him a typewriting machine, and Northway, was with McKenna when the latter sold the machine to Mr. Holloway the second-hand goods dealer, for one dollar. Northway says also that certain citizens saw him talking with McKenna. These citizens, Frank Follan and James Goodwin, testified that they saw McKenna and Northway together on Sunday. Mr. Holloway could not positively identify McKenna as the person who sold him the typewriter. He said he bought it of some one who looked like the defendant for one dollar. The state proposes to show before they get through with the case that McKenna broke into W. T. Randall's office Saturday night, stole the machine valued at \$100 and sold it to Mr. Holloway. It looks like a strong case against McKenna. He is an ex-convict, only three weeks out of prison.

COMPLIMENT FOR DR. WHITING

The Milwaukee Telegraph Speaks of His Memorial Day Address.

The Milwaukee Telegraph makes this mention of Dr. J. B. Whiting's Memorial day address: "A practical, patriotic, enthusiastic and highly instructive production was that of Dr. J. B. Whiting of Janesville. Dr. Whiting handled President Eliot of Harvard, without gloves, as he deserved to be handled. The whole address is thoughtful, earnest, beautifully worded, and together with twenty other addresses delivered in Wisconsin this year, should be given a place in a book for preservation in public libraries and in the state historical rooms at Madison."

CLASS OF FOURTEEN GRADUATE TONIGHT

FIRST DIVISION OF THE CLASS TO TAKE LEAVE.

Famous Linden Quartette Will Render Vocal Music in Connection With The Exercises—The Program For Commencement Week—Small Admission Fee To Be Charged.

Fourteen pupils of the Janesville High school will graduate this evening. They are:

Walter D. Merritt, William F. Denington, Grace F. Ward, Edward L. Williamson, Fannie O. Rumrill, Roy A. Sanborn, Helen L. Prichard, Janet C. Ford, Thomas J. Baker, Maude Bear, Nellie M. Dudley, Jay H. Bliss, Fred M. Blakeley and Berta E. Schofield.

The class was so large that all could not graduate at the same time, hence the arrangement of graduating a delegation on Monday, Tuesday and Thursday evenings. The exercises this evening will be different from any yet held, and will be very interesting. The famous Linden Quartette of Chicago, will sing tonight, and among the topics will be X-Ray Photography illustrated, an illustrated talk on Napoleon Bonaparte, Good Roads, illustrated with water-color paintings 8 by 8 feet.

The program for tomorrow and Thursday evenings will be practically the same as this evening. The Linden Quartette will sing again tomorrow evening and the Tennesseans will sing Thursday evening. An admission fee of ten cents will be charged on Monday, Tuesday and Thursday evenings in order that those who desire to see the exercises may have a seat reserved in advance and assure them a comfortable position.

Class Day Exercises.

The class day exercises will occur Wednesday evening and the annual reunion of the Alumni Association will be held at Concordia hall Friday evening. The members of the graduating class are:

THIS DAY IN HISTORY.

1829—Robert Bruce, king of Scotland, died; born 1274.
1765—First American congress called by vote of Massachusetts assembly.
1776—Richard Henry Lee, in the continental congress, offered resolutions declaring the colonies independent.
1880—John Brougham, Irish actor and author, died; born in Dublin 1810. Brougham was long an American favorite on the boards. He was the son of an Irish gentleman. His mother was a Huguenot forced into exile by political upheaval. While studying at the Dublin university young Brougham made the acquaintance of the noted Mme. Vestis, the actress, and soon afterward he was engaged to appear in her London theaters. He adopted the profession of actor in 1830 and continued on the stage 50 years; Brougham wrote a play for Burton and collaborated with Boucicault in the production of "London Assurance." In 1842 he first visited America, and afterward became a member of prominent stock companies in New York.
1808—Edwin Booth, the tragedian, died in New York city; born 1833. Fargo, S. D., half destroyed by fire; loss, \$3,500,000; 3,000 people made homeless.
1881—Professor William Dwight Whitney, eminent philologist of Yale college, died in New Haven; born 1827.
1805—Ralph Swinburne, an old engineer, associated with George Stephenson, "father of the locomotive," died near Charleston, W. Va.; born 1805.

BOOTH.

THAT BAYARD STORY.

It is not a new story, either in its origin or application, but it will serve, especially as Ambassador Bayard has apparently enjoyed a rather long immunity from speech. He said at a recent London dinner that "when Englishmen first landed in America they fell upon their knees and then upon the aborigines." The reporter of the Times thus construed the ancient and respectable pleasantries. "When Englishmen first landed in America they fell upon their knees and then upon the savages." Mr. Bayard will find it difficult to live this down, even in England, where he is beloved. But he must remember the obvious youth of a reporter who had never heard the story before as well as the fact that his was a British skull.

BOYS ON THE FARM.

A farmer says to a contemporary: "The great difficulty now is to keep boys on the farm." It is no greater now than it is ever has been. When the parents are so situated as to locate the boys on farms of their own, they are usually content, but where they have to choose between hiring out at the hard labor and small wages the farm offers or going to town to engage in less laborious and better paid vocations, the natural preference is for the latter. The farm also draws from other lines of labor as the party is able to own land of his own. There is nothing discouraging in this, for it has always existed and will continue to the end of time. But the fact remains, farmers and the cultivated area are both on the increase.

It appears from an official statement that the annual sale of beer and ale in the United States has increased from \$8,500,000 in 1876 to \$36,000,000 at the present time, which seems to show that the efforts of the prohibitionists are conducive to a growing taste for malt beverages.

Farmers complain that it is as hard to hire labor in the cities as it was before the electric railways began to reach out into rural places. Inventive electricians will have to help out the tillers of the soil, for it is evident that the "unemployed" will not count for much when there is a rush of work in the fields.

The city of Providence, R. I., gets a higher price for its 4-per-cent thirty-year bonds than the United States government received for its last issue of bonds. Every one knows that payment in both cases will be made in gold, but Providence definitely says so.

Wisconsin democrats have fixed on next Thursday as the day to begin their crusade against the apportionment law. In a few weeks they will realize that republicans made that law to last.

Notice to Masons.

Fire Insurance.

Seven Massachusetts Mutual Fire Insurance Companies wrote policies during 1894, amounting to \$97,705. At its close they were carrying \$244,000,000. These seven companies average 54 years of age, and are old enough to know what they are doing.

The Beloit Fire Insurance Company of Beloit, Wis., was organized June 5, 1895, to secure insurance on first-class risks, in the cities and villages of Rock, Green, Dane, Jefferson and Walworth counties, Wis., at actual cost and limited expenses on the plan of these Eastern mutuals. This company began to write insurance August 1, 1895. It is now ten months old, carrying over \$400,000 of insurance. Its losses have all been adjusted and paid, and, if no greater in the future than in the past, over one-half of the premium that has been paid in for the year will belong to the insured at its close. There are many instances in Beloit and other places where as a result of the work of this company, agents of stock companies are already writing insurance on business risks at the 1892 rate. We shall thus save to five prominent insurers in Beloit not less than \$225 a year. Now, if you think you are paying to the companies too high a rate, drop a card to the above address and ask for information, at the same time letting them know when you have a policy expiring and what on.

All trains from the east will arrive and depart from the north side of the depot, and all trains from the west and south will arrive and depart from the south side of the depot.

Many Specials To Come.

The delegations from Fort Atkinson, Jefferson and Jefferson Junction, today notified the local managers that they would come on special trains. The DeKalb merchants will close their doors and come in a body, leaving only the aged and infirm to care for the town while they are gone.

Mineral Point had made contracts with the railroad company to carry four hundred people, but today telegraphed the local office for 1,000 tickets instead.

Evansville's camp will be headed by the Black Hussar band and nearly the whole population of the city will come along with the Neighbors.

Rockford Camp No. 51 has 890 members in good standing and elected thirteen new ones Saturday night. This makes 900 in one Forest City camp who will be here, and there are others—hundreds of them.

Many Will Decorate.

The town will be in gala attire. The Hotel Myers will be a dream in bunting. Johnson & Daboe, the proprietors, have bought one thousand yards of bunting and have secured an expert decorator from Chicago to drape it.

F. M. Marzluff & Company will spend \$150 in building a handsome arch, lighted by electricity that will span the street. The words "Ladies Wear Marzluff's Shoes" will be wrought in incandescent lights and the display will be a handsome one.

The two fire department arches will surpass anything of the kind yet erected in the city.

The Y. M. C. A. building floors will be strewn with chips and logs with axes scattered about. Fifteen young men will compose the reception committee.

Plenty of Amusement.

There will be plenty of amusement for all. At the up-river resorts, Captains Buchholz and Griffiths are making great preparations, and with the races at the fair grounds athletic sports at Athletic Park, and the fun up the river, there will be "plenty of excitement." The High school exhibition will also be an attraction. The tramps and "crooks" are beginning to arrive, and the police are busy keeping track of suspicious characters.

All souls church has made preparation to feed 700 people at a time, and other eating house managers have made equally complete arrangements. The railroad companies are gathering all their surplus passenger coaches here, ready to send them out as occasions demand.

It will be a big day and no mistake.

BENEATH DEATH'S DARK CLOUD
Mrs. Amy Young.

R. P. Young received a telegram this morning informing him of the death of Mrs. Amy Young, widow of his brother, John E. Young. Mrs. Young's death occurred at Chapman, Nebraska, at the advanced age of eighty-one years. Her husband died in 1875. Both Mr. and Mrs. Young will be remembered by Janesville and Rock county people. For upwards of thirty years they resided near this city. They left here about fifteen years ago for the west. The telegram gave no particulars, but the remains will arrive here on the 9:20 o'clock train Wednesday morning, and will be taken from the depot to the Mount Zion cemetery where the interment will be made. Many friends will hear of Mrs. Young's demise with sorrow.

THE introduction of two big electric fans in McDonald's restaurant has made a big improvement in the temperature of that already inviting place.

W. H. SARGENT W. B. C. No. 21, will have a special meeting tonight at half past seven at Post Hall. By order of President E. J. Warren. Nettie Collins, secretary.

AN artistic portrait of Rev. Father Doyle, which will soon be hung in the Union Catholic League hall, is on exhibition at Putnam's. Malone & Gunn were the artists.

A LETTER from S. Hutchinson says that the Janesville party arrived in England on May 27 and all are well although Mr. Hutchinson was the only one unaffected by the sea voyage.

If you are a Modern Woodman and want a pin or a charm just let A. F. Hall & Co. "the reliable jewelers" show you their stock. You can find the pin you want and at the price you want to pay.

To those who admire opals—and everyone does—the display of opals recently now being made by A. F. Hall & Co. "the reliable jewelers," will prove of unusual interest. They have an exceptionally large and fine lot, all at low prices. Call and see them.

A CHARMING shoe for the little ones that what we have got and it is a pleasure to us to have the mother remark how nice they look and fit. The reason why. We have got the goods to do it with. Fall in line. Make your children's toilet complete in a pair of our up to date shoes. A. Richardson Shoe Co.

RICH YOUNG FARMER FOUND IN A PRISON

MYSTERY OF THOMAS DREW'S
DISAPPEARANCE SOLVED.

He Abandoned His Property and Wandered Away, Bringing Up in a Police Court at Evansville, Ind.—"Sassed" the Judge and Got a One-Year Sentence.

Thomas Drew, who disappeared from his home near Hanover some time ago, was found by Attorney R. B. Dunwiddie, in the prison at Jeffersonville, Indiana.

Drew was quite wealthy, and his disappearance was a strange one. He owned considerable property in Chicago, but abandoned all his belongings, and dropped out of sight. His parents reside near Hanover, and were much concerned regarding him. Attorney Dunwiddie was commissioned to find him, and visited Chicago for that purpose. After a long search he finally located Drew in the Jeffersonville prison where he was sentenced for one year for a petty theft committed last January at Evansville, Ind. His unusually long sentence for the offense committed was gained in this peculiar manner.

When Drew was arraigned in Evansville he entered a plea, of guilty and the judge fixed his punishment at thirty days in jail. Drew smiled and said he could stand on his head for that length of time. Thereupon the court charged the punishment by telling the man he could stand on his head in prison for one year. Why Drew should commit larceny is a mystery, as he had sufficient means, but it if thought did so while temporarily demented. He had been a good prisoner at Jeffersonville, but would not tell anything regarding himself.

Attorney Dunwiddie had an interview with Drew at the prison, and will arrange his affairs, and endeavor to secure a pardon for him.

TO SETTLE THE SUITS

The County Will Probably Not Push Claims Against Insurance Companies.

The suits of Rock county against the insurance companies having policies in the old county building at Johnston, which were destroyed by fire, will probably be settled.

The companies agree to refund the unearned premiums on the building burned—about \$100.

The claim is made that the purchaser of the property should have caused the change in the policies.

The company interested has \$40,000 insurance on the jail and the court house.

These terms were offered to the county board committee, Supervisors Bear, Langworthy and Mahew on Saturday they having visited Milwaukee with District Attorney Jackson to talk it over.

The matter will be submitted to the county board at the meeting tomorrow.

Veteran Circus Man Says The Licenses Fee Is Too Large.

Colonel George W. Hall, the veteran showman, has turned his back on the city of Janesville.

Fifty dollars a day license is too heavy a charge, he says, and he won't pay it.

He had billed the town at an expense of \$50, and had made all arrangements to appear here tomorrow and Wednesday. Now, however, he says he will not come.

"I have paid taxes on 306 acres of land in Rock county for thirty-six years," he said to a Gazette reporter at the depot this morning.

"I think that some reduction ought to be made for me, as I am a resident. Burr Robbins never had to pay a license and it seems to me that I am entitled to a reduction. At Milwaukee they only charged us \$2.50 a day, and at Galesburg \$5. But Janesville wants \$50 a day. I won't pay it, and my show will not be here on Woodmen's day."

W. H. Ashcraft, Jr. sent a telegram asking Mr. Hall to reconsider the determination, when he heard of the veteran circus man's declaration.

REFUSED THE OFFERED SEAT
Old Knight Had Not Lost His Gallantry Although Injured

At the recent banquet of the Wisconsin State Medical society, Ex-President Epley related this incident:

At the recent commencement of the college of Physicians and Surgeons at Milwaukee, held in Pabst Grand Opera house, it was my good fortune to occupy a seat in one of the boxes. In front of me were several ladies. Soon there was ushered into the box an elderly, dignified gentleman, who seemed to excite the solicitude of those who escorted him.

It was soon learned that he had received a severe fall just before entering the opera house. After he was seated, an elegant lady, who sat in front of him, rose from her chair and with inimitable grace said:

"I learn from the convention I have heard that you have been hurt by a fall. Will you allow me to exchange chairs with you? You will find mine much more restful."

The old knight leaned forward and said:

"No madam. Thank you. It is painfully evident that I have lost my agility, but I hope to retain my gallantry. I cannot take your chair."

BATTLE OF BALLOTS BEGINS IN EARNEST

COMPETITION FOR THE GAZETTE'S FREE TRIP.

Baptist, Congregational and Presbyterian Christian Endeavor Societies Put Candidates in the Field, And Are Now Hard at Work in Their Behalf.

Who will go to Washington at the expense of The Gazette?

It's hard to tell.

The Gazette's offer is to send a local Christian Endeavor to the convention next month, free of all charge to the delegate, and the "best that the market affords" will be the rule.

The Baptist, Congregational and Presbyterian churches have put candidates in the field, and the canvass is a lively one. The candidates are:

Baptist church—Miss Luella Dauey.

Congregational church—Robert E. Knoff.

Presbyterian Church—Miss Grace Kirk.

The friends of each candidate are working hard to win. Each ward of the city is being thoroughly gone over.

The prize is worth winning, as the Gazette will not spare expense in entertaining the successful candidate.

Kodaks.

There are some properties that a camera must have if the operator is to thoroughly enjoy its use and accomplish good results. It must be strong, yet light, simple in construction, yet so made as to be easily adapted to the various conditions under which it is to be used. It must have a good lens and a shutter that does not easily get out of order, and above all it should be carefully tested by an expert workman before being put into the hands of the purchaser. The Kodak fulfills these conditions.

The price is from 5 to 100 dollars.

Ten Years Hence...

You will hear men refer back to June 10th, 1896, as being the day that Janesville and her Modern Woodmen entertained more people than were ever before within her limits. There were Woodmen by the thousand, there were visitors by the train load, there were dozens of bands, there was a most imposing parade, there were prize drills by various camps, there were races at the driving park and base ball at Athletic park, there excursions up the river, there were balloon ascensions, and there were attractions without number all about town. Such, in short, will probably be a brief resume of the "gala day of the year," and we invite you to make our store your meeting place; and should there be anything you want in the Dry Goods line, we shall be pleased to wait upon you.

NOTICE

Is hereby given that an ordinance of which the following is a copy, will be presented to the mayor and common council of the city of Janesville for action, at a regular meeting of said council to be held at the council chamber in said city on the 12th day of June, 1896, at 8 o'clock in the afternoon of that day.

An ordinance granting to the Postal Telegraph Cable Company the right to operate a telegraph system in the city of Janesville.

The Mayor and Common Council of the city of Janesville do ordain as follows:

Section 1. The Postal Telegraph Cable Company, its successors and assigns, are hereby granted a right of way through, in, and upon the streets, alleys and public grounds of the city of Janesville, for the purpose of erecting, maintaining the posts of wood, iron or other suitable material, and the wires and other apparatus necessary to operate a telegraph system and telegraph exchange in said city.

Section 2. This ordinance is made subject to the conditions of a general ordinance regulating the stringing of wires in the city of Janesville, passed October 10, 1892, and the ordinances amending the same; and to the further condition that said Postal Telegraph Cable Company, its successors and assigns, shall fit the top cross arm of each post or pole erected by them in said city of Janesville, with four pins and proper insulators for the sole use of the fire alarm and police systems of said city.

Section 3. This ordinance shall be in force and take effect from and after its acceptance by said Postal Telegraph Cable Company, and after its passage and publication, which publication shall be for three successive days.

To Defeat the Two-Thirds Rule.
Topeka, Kan., June 8.—Ex-United States Senator Martin, who heads the delegation from Kansas in the national democratic convention, is organizing western silver democrats to defeat the two-thirds rule. He is in correspondence with silver leaders in a dozen states. He tells them they cannot nominate a free silver candidate for president unless this is done. He says if the free silver element succeeds in this the sound money wing will bolt and repeat the experiences of 1860 at Charleston and Baltimore. He says he would prefer to see an open and manly bolt rather than to suffer assassination at the polls; he declares that present party alignments are illogical and unpatriotic.

Egyptian Troops Defeat Dervishes.
Firket, Egypt, June 8.—This point was taken by Egyptian troops at an early hour Sunday morning and their manner of acquiring themselves in this, the first engagement of the Nile campaign, has given great satisfaction to the British officers in command of them. Reports received indicate that the loss to the dervishes will amount to a thousand men. Among those killed is the Emir Hammuda, who was their commander, besides many important chiefs.

Tramps Burn a Man to Death.
Elyria, Ohio, June 8.—Tramps Saturday set fire to the barn of Henry Chappell, a farmer living near here. Chappell's son-in-law, William Hobill, discovered the fire, and when he went to the barn he was shot and dangerously wounded by one of the tramps. Mr. Chappell went into the barn to release some cattle and was overcome by smoke and burned to death. The tramps escaped.

Must End the War.
Havana, June 8.—Diario de Marina publishes what purports to be a statement given to the press of Madrid by the ministry confirming the report that Secretary Olney has urged Spain to send reinforcements to Cuba and end the war, with the intimation that if Spain should abandon the island the United States would undertake its pacification, so that foreign adventurers might not attempt to establish an independent government.

National Republican Convention at St. Louis.

BICYCLE SHOES AS EASY AS GLOVES

To be comfortable while riding you must have shoes made for the purpose. The arrangement of vamp sole and lacing must be perfect. Bicycle Shoes for every day wear, however, afford wonderful ease to sensitive feet. They prove very satisfactory, too, for golf and other games where much walking is necessary. No Bicycle Shoe has ever stood the test the way the "Ball Bearing" has.

Three Nobby Ones For Men--

OX BLOOD CALF—Made of the highest quality stock, with black lacings and lace holes. The top notch of style.

TAN CALF—The natural color of the leather. Cool looking and as flexible and easy as kid.

BLACK CALF—These are preferred by some to the tan. We meet all tastes. The leather in these Shoes is the famous "Prince of India," tough as belt lacings. We honestly believe there is no better Bicycle Shoe made. We have all widths.

Nelson, the winner of the Chicago Road Race, wore "Ball Bearing" Shoes.

Great Assortment For The Ladies...

All the prettiest styles are in our stock this year. Easy and well-fitting Bicycle Shoes for ladies—the element of beauty not neglected, either. What would you like? If it is new we have it.
